WEB COMICS IN PRINT!

It's tough to get started in comics. But thanks to the Internet, literally anyone can be a working cartoonist, posting their work — "web comics" — online for all to see. Sometimes, creators do eventually ride the wave of popularity set in motion by their online works and wind up with their work in print. Our theme this month, is *Web Comics in Print*, and we're paying tribute to the pioneering souls who started online, and then took their works to print. Turn to page 24 for an overview of but a handful of web creators, and their works. Or look for the *Web Comics in Print* icon in this issue!

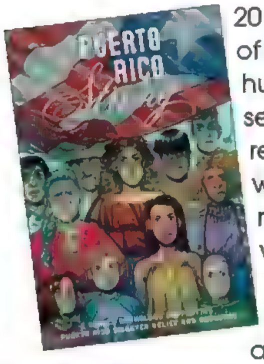
PREVIEWS FROM THE EDITOR

Happy New Year

Welcome to the New Year! We're starting off 2018 with our 352nd issue of ***PREVIEWS***, the issue that launches us into our 30th year of publication. I still sometimes can't believe how long I've been at this. 30 years is a long, long time to work at one job, but it's been a long, strange, and wonderful trip! Along the way, I've made many acquaintances in the industry, and made some really great friends too. I'm truly blessed to be able to come here every day to work with this great crew in a creative and fun environment, surrounded by the coolest stuff on Earth.

WEB COMICS IN PRINT

This month our issue's theme is WEB COMICS IN PRINT. On page 24 of this issue (and throughout the issue as well) you'll find a selection of webcomic creators who have taken their online series to print, and made them available to readers at your local comics shop. Webcomics are becoming more and more popular, and virtually anyone can do it (your talent and exposure levels may vary). Be sure to check them out, as there truly is something for everyone in today's webcomics.



2017 was one of the worst hurricane seasons in recorded history, with several massive systems wreaking havoc throughout the Caribbean and the Americas. One of the most tragic outcomes of this hurricane season was the aftermath of the path of Hurricane Maria, which devastated the island of Puerto Rico, and whose impact is still being felt by its people months after. Publisher Lion Forge will be producing a special benefit anthology called ***Puerto Rico Strong***, written and illustrated by many Puerto Rican creators. On the FLIPSIDE of this issue, the folks behind this benefit book talk about the situation in Puerto Rico, their reasoning to get involved, and their connections to the island they and their families call home. And Puero Rican comic shop, Metro Comics, gives their own account on the current situation in the island's comics community, and the impact it has had on many shops across Puerto Rico.

And finally, if it's January, then that means it's time to once again reveal our new crop of titles for FREE COMIC BOOK DAY 2018, startring on page 33! This is our 17th year for FCBD, and we've got another stellar line-up of titles with truly something for every taste under the sun, for comics readers of all ages! Plus we're also unveiling our FCBD T-shirt for 2018, this year's shirt designed by Madman creator, Mike Allred! Our new short, and all of the new comics for 2018 will be available for FREE on May 5th, 2018 (the first Saturday in May)!

Where The Magic Of Collectibles Comes Alive!

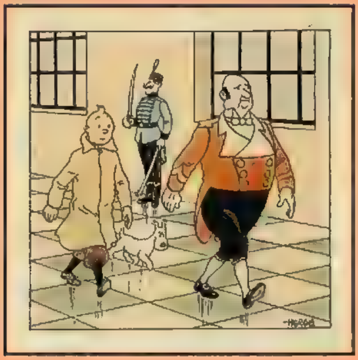
Hake's Ends 50th Year with Record $1.75 Million Sale

7.5
AMAZING FANTASY
SPIDER MAN

Hake's Americana & Collectibles commemorated their 50th year by closing with a house record auction of $1,754,464. In addition to topping the previous record of $1.3 million, this auction also had their best opening day and crossed the $1 million mark faster than any other sale.

The top spot went to *Amazing Fantasy* #15 (CGC 7.5), which sold for $140,760. Other high sellers included the Ben (Obi-Wan) Kenobi on a "12-Back" card — a rare double-telescoping lightsaber *Star Wars* action figure (AFA 80) for $76,700, and the "Americanize America" Vote for Cox and Roosevelt jugate button, which sold for $47,278.

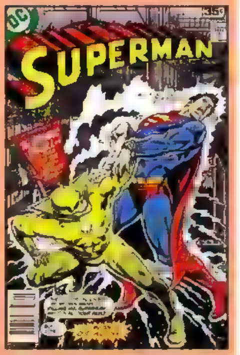
Tintin Painting Achieves €505,000 in Paris Auction



A Hergé color drawing of Tintin and his dog Snowy sold for €505,000 (about $594,000) in a Paris auction in November. The piece sold at Artcurial Auction House as part of the "Universe of the Tintin Creator" sale — a collection of drawings, toys, and figurines by Hergé.

The painting depicts the duo with a butler in a royal palace, and was used as a cover illustration for a serialization of Herge's story "King Ottokar's Sceptre." The art was published in 1939 in the newspaper *Le Vingtieme Siecle*, and the story became Tintin's eighth volume of stories. It was originally published in black-and-white.

The Blasts of Atomic Skull



Albert Michaels, later known as Atomic Skull, was created by Gerry Conway and Curt Swan. While the character debuted in *Superman* #303, he wouldn't appear as Atomic Skull until *Superman* #323. Michaels, a brilliant scientist-administrator at S.T.A.R. Labs, suffered from a rare brain disorder that caused uncontrollable seizures.

Following years of suffering, Michaels turned to the criminal organization SKULL for help. In exchange for becoming their agent, SKULL implanted him with a radium-powered device that turned his neural disorder into deadly atomic "brain-blasts." Michaels struggled to control these blasts and unfortunately, they only made his condition worse. After Superman captured the SKULL scientists, the only people who could help Michaels, he swore revenge on Superman.

Please tell us a bit about yourself!

I got my start in comics by self-publishing. My friend Georgia Lee and I saw that there just wasn't a whole lot of female-friendly comics back in 2011, so we founded our own imprint, Alpha Girl Comics. I started writing short stories that became an anthology, *Girls Night Out*, and that led to writing short stories for Vertigo and the annual for the Comic Book Legal Defense Fund, which then led to some *Wonder Woman* and *Deadpool* short stories, and then *Poison Ivy*, *KISS* and *Red Sonja*. Georgia went on to write *The Expanse* for the Syfy channel so I think we did all right!

What are your favorite projects you've contributed to over the past decade?

I did an adaption of the Buddhist classic origin story of Guanyin, the bodhisattva of compassion, for the Baltimore Museum of Art with my friend Craig Yeung. Laura Martin colored it, and I think it's probably the most beautiful story I've ever worked on. Also, *Wonder Woman* with Bernard Chang. Who doesn't want to do a Wonder Woman story?!

What are you currently working on?

I'm really enjoying writing classic characters. I love that Dynamite is giving me a chance to write *Green Hornet* (from the '30s radio show) as you know, and the 100-year-old Edgar Rice Burroughs' *Dejah Thoris*. Of course, I'm doing more modern adaptations of the classic stories — I'm bringing *Green Hornet* to the present, but hopefully with a bit of vintage feel, kind of like James Bond if you will. *Dejah Thoris* is a prequel to the classic *Princess of Mars*. And I'm still plotting *Red Sonja*, but co-writing it with Erik Burnham.

What fun titles are you reading?

I don't know if I would characterize them as "fun"! I like stuff that gives me the feels, and that inspire me as a writer. There's so much good stuff out right now, like *Motor Girl* (*Vol. 1: Real Life*—MAR171184) by Terry Moore . I'll read anything and everything by Terry Moore, actually! *Crosswind* (*Vol. 1*—NOV170676) by Cat Staggs and Gail Simone is really *THAT* good. And *Kaijumax* (*Vol. 1*—OCT151567) by Zander Cannon from Oni Press. I know I need to read more. I've got a huge pile by my bed that I need to get through!

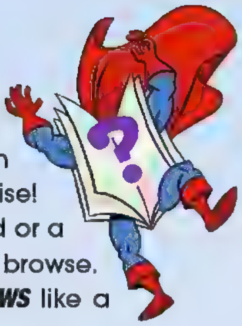
Learn How to Use *PREVIEWS* to Order From Your Comic Shop!

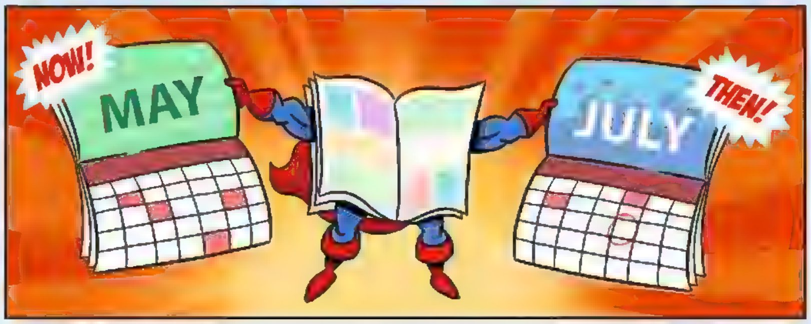
USER'S GUIDE



There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.



NOW!
MAY
JULY
THEN!

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later** (or more). For example, if you found a comic you wanted in the May issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

MEET A GOLDEN AGE HERO OF JEFF LEMIRE'S *BLACK HAMMER*

One of the greatest heroes of the Golden Age was Doctor Star. When the world needed heroes during the dark days of World War II, Doctor Star emerged and was an inspiration to millions. In time, he became too old to be a super-hero, and the dreams he had of his son carrying on his legacy came to naught. Jeff Lemire explores the Golden Age of his *Black Hammer* world, super-heroic legacies, and shattered dreams in his new book from Dark Horse Comics, *Doctor Star & The Kingdom of Lost Tomorrows*.

More than a tale about a hero and his potential successor, Doctor Star & The Kingdom of Lost Tomorrows is a story of fathers and sons, the dreams and expectations a father has for his son, the resentments and disappointments a son has for his distant and demanding father, and whether two people, damaged in their own way, can make peace with one another. It's an all too common — and all too human — story, and Lemire explores that story in the guise of a super-hero tale that spans the generations.

Discover the story of Doctor Star and his son in Jeff Lemire and Max Fiumara's *Doctor Star & The Kingdom of Lost Tomorrows*, coming this spring from Dark Horse Comics!

TITAN COMICS

BASED ON ONE OF MOST HOTLY ANTICIPATED VIDEOGAMES OF 2018!

FEATURED ITEM

In antipication for the release of Titan Comic's recently announced *Sea of Thieves* comic series, we chat to superstar writer Jeremy Whitley about his excitement for the game, how he is approaching writing the series and why this will be a series everyone should pick up!

JEREMY WHITLEY - WRITER

***Sea of Thieves* is one of the most highly anticipated games of the coming year, are you excited about taking on the comic side of the franchise?**
Absolutely! It feel serendipitous, because *Sea of Thieves* was a game I was already super excited for. I've always been a big fan of Rare games and the innovation and sense of humor that comes with that name. Getting the chance to help shape the narrative of such an exciting game in the comics is a thrill. I've always loved writing comics that are fun to read, so this is the perfect setup for me!

Having already dabbled in the world of piracy and plunder with your *Princeless* run, *Raven The Pirate Princess*, published by Action Lab, are you look forward to delving back into these themes?
Yes! I love writing this sort of high adventure on the high seas. There's a feeling that anything could happen and there's nowhere to run. The sea is a mystery and once you make that commitment to put yourself out there, you could be in for any sort of adventure. One of my favorite things that plays through so well in Raven is that you're taking a bunch of characters and forcing them to be in close proximity with each other for an extended amount of time. No matter what happens, you're stuck with the crew you have. You end up with an intense combination of high adventure and high drama that you just don't get from other sorts of adventure and fantasy stories.

When writing comics that have a specific themes, how do you go about researching for your plots and scripts?
Well, I try to do my best to deep dive into the writing that's out there about it. I try to research the things I need to know and the things which might help me to tell a compelling story. Then, with a property like *Sea of Thieves*, I think it's important to forget some of that as well. Sometimes it's better for fiction to be fun and good than completely accurate. I think *Sea of Thieves* is as much about getting the feeling of what people enjoy about pirates and adventure and governing the need for accuracy using the "rule of cool". We're in a fantasy world, so why not let players shoot each other from cannons? Sure, it's not feasible, but it sure is cool.

In the game, players define their own characters rather than play as a set main character, and you then in turn have the opportunity do the same for the comics. How did you find this process in such a different medium?
Well, in a lot of respects it was like making my own creator owned comics. I got to dive in and start from the beginning with these characters, figure out who they were and how they related to *Sea of Thieves*, and figure out how to tell the best *Sea of Thieves* story with those characters. It was great to have the governing principles of the game behind me to guide the way.

Honestly, the character creation and customization section is usually my favorite element of playing an RPG, so in a respect I got to do that for the whole character lineup here. Now I get to tell their story from the beginning. I hope readers enjoy reading it as much as I'm enjoying making it.

You are joined on this project by artist Rhoald Marcellius, what makes him the best collaborator for this story and what's your process when working with artists?
Rhoald has a real knack for designing strong original characters and for creating a real sense of motion and dynamism in his art. The comic will be an quest and a chase story, so I want to make sure we convey the sense of excitement and action our characters are experiencing, much as our readers will when they play the game. And since we're going to be inserting our characters into this world full of thousands of custom characters, I think it's essential that our characters both look like they fit into the world and stand out as characters our audience wants to root for (or against, as the case may be). Rhoald's going to do amazing work bringing this world and these characters to life.

Fan-favorite artist Skottie Young has produced a series of variant covers for Marvel Comics that depict Marvel's characters as children. One of those covers, for *Amazing Spider-Man: Renew Your Vows*, showed Spider-Man and Mary Jane Watson together, a giant heart behind them as a symbol of their love. Gentle Giant's *Marvel: Spider-Man & Mary Jane Animated-Style Statue* recreates Young's artwork, resulting in a stunning piece of art!

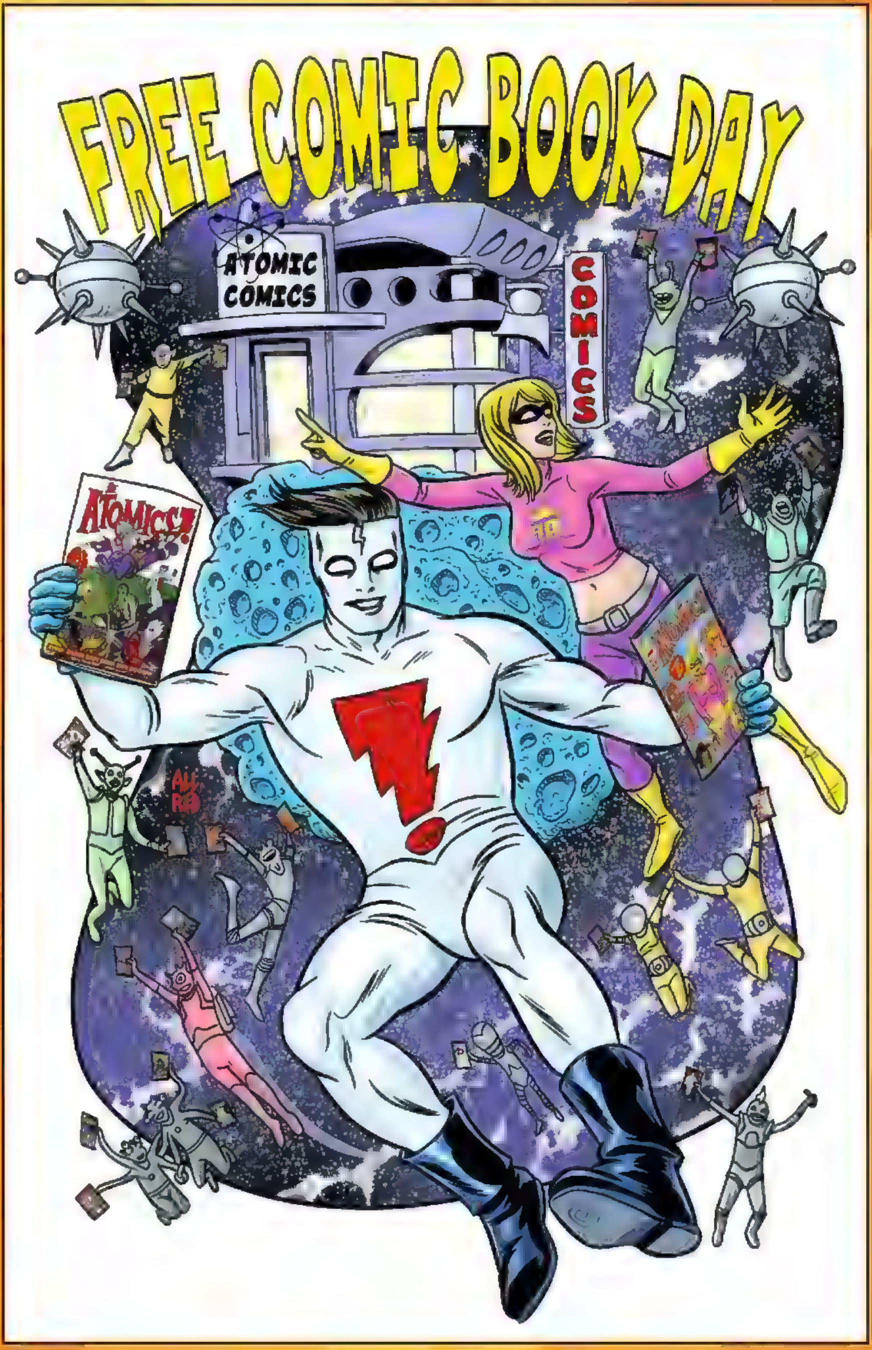
2018 Commemorative Artist

Mike Allred



FOLLOW MIKE!

@AllredMD / allredmd www.aaapop.com

Michael "Doc" Allred grew up in the '60s and '70s and was surrounded with the best in pop culture and a steady diet of music, movies and comic books, including the Three B's — *The Beatles*, *Bond* and *Batman* — to the point of obsession. Which is why it should come as no surprise that he keeps a hand in film and music (he's lead singer/guitarist for *The Gear*). But comic books have always been a major source of joy for Mike, and that joy remains the main ingredient in most of his work.

Allred first came to critical and fan notice in the field of comics with his wildly popular *Madman* series, which is currently in development for a live action film with filmmaker Robert Rodriguez. His earlier work from *Grafik Muzik* was turned into the cult-hit movie, *G-Men from Hell*, directed by Christopher Coppola (featuring Robert Goulet as The Devil)! His other works include *Red Rocket 7* (his history of Rock and Roll told in the context of a sci-fi adventure story), the *Madman* spinoff, *The Atomics*, and his magnum opus, *The Golden Plates*, in which he has illustrated the entire *Book of Mormon*.

Mike lives in Oregon, and claims the secret to his success is his wife and creative partner, Laura Allred, who is considered one of the best colorists in the business.

Caroline Sharp has been a lot of things, including both a superhero and a super-spy. But now, with those days behind her and her powers proving unreliable, Caroline finds herself stuck in a life weighed down by her depression and an inability to change. You see, Caroline is going to live forever, and there is no escape to be had. The very act of living reminds her that, to the rest of existence, she is an anomaly.

All of that could change, however, when her old foe, Madame Atom, comes to her with an intriguing offer. Madame Atom can give Caroline the power to end her life; she just has to destroy the rest of the world.

This brand-new DC's Young Animal miniseries spins out of the **MILK WARS** event, written by GLAAD Media Award-nominated writer Magdalene Visaggio (*Kim and Kim*) and illustrated by Eisner-winning artist Sonny Liew (*The Art of Charlie Chan Hock Chye*).

DEATHBED #2

Written by JOSHUA WILLIAMSON
Art and cover by RILEY ROSSMO

Dearest Friends,

It is with a heavy heart that we inform you of the passing of Margaret Mars, philanthropist, globetrotter and onetime lover of Antonio Luna. Her noble pursuit of humanitarian causes dates back to the first word she ever spoke ("Peace"), which is juxtaposed with the seven words she uttered right before being assassinated ("Who let these ninjas into my house?!"). Indeed, these seven words paint an inexplicably bizarre, yet accurate, picture of her final moments on earth. Who let these ninjas into her house, and why were they there to begin with? What business did a pack of inhuman zombie-mummy-ninjas have with Ms. Mars, and why did they murder her? Fascinating questions, none of which we have the answers to. But Ms. Mars would not want us to grieve! Ms. Mars' will states her desire that we celebrate her life and not mourn her death (as horrific and gruesome as it may have been)! So come! Be merry and help us send off the great Maggie Mars in a way that honors her remarkable life!

Just be sure not to invite Antonio Luna.

Written by JOHN RIDLEY • Art by GEORGES JEANTY, DANNY MIKI, JOHN LIVESAY and others • Cover by GEORGES JEANTY

It's been a decade since the Civil Defense Corps was exposed as a fraud created by the U.S. Government for propaganda purposes. While most of the heroes who survived the catastrophe have retired or disappeared, the New American still carries on, trying to keep communities safe amid the social turmoil of the 1970s. Some of the American's former colleagues are on opposite sides of the law: Amber Waves joined a group of domestic terrorists, while Missy, a.k.a. Ole Miss, has thrown her hat into the political ring. As the ground shifts beneath his feet and new threats arise, which side will the American choose? Collects THE AMERICAN WAY #1-6.

THE REPRIEVE

writer/artist/cover **Jean-Pierre Gibrat**

Escaped prisoner-of-war Julien Sarlat is hiding in the small village of Cambeyrac during World War II, using a secret observation post overlooking the village square to watch the permanent theater that people offer in the course of the day. Loves, hatreds, jealousies, cowardices, acts of heroism... nothing escapes the observer's eye, especially not the beautiful waitress Cécile. Until the moment comes when, spectator no more, he must become an actor himself and meet his destiny. This hidden life he had hoped to live was just a reprieve.

Arthur Pendragon was the king of all Britain. His story is legendary. Merlin. The Lady of the Lake. Excalibur. Camelot. The Knights of the Round Table. The legend of King Arthur is not the stuff of legends, but the fuel of nightmares.

As Arthur descends into darkness, is there any lingering hope that he still might do something good?

From writer Cullen Bunn (*Uncanny X-Men, Deadpool*) and artist Mirko Colak (*Punisher*) comes a Lovecraftian take on the Arthurian legend that HAD to be told at AfterShock!

REANIMATOR: THE BOARD GAME

Recommended by Matthew Demory

Are you a fan of cooperative board games like Pandemic, where you work together using your skills to reach a common goal... but you happen to secretly root for those virus outbreaks so you can watch the end of the world unravel before your eyes — while your friends scramble to save what is left of humanity? If so, then you might want to check out the new board game coming from Dynamite Entertainment, based on the cult-classic Reanimator movie franchise!

Instead of being a Doctor sworn to do no harm like in other games, in ***Reanimator: The Board Game***, you can join forces with mad scientist Herbert West as one of his four assistants, undertaking any number of potentially nasty missions, including the gathering of body parts for West's twisted experiments.

Galu outcast See-Ta has uncovered a disturbing upheaval in the delicate ecosystem of the primeval world she calls home, as dinosaurs and other prehistoric animals are now starving and prowling outside of their natural hunting grounds. TREVOR ROTH INTERVIEW:

Remember December 31, 1999. Remember hoping that all of the speculations about Y2K and the dawn of another dark ages were just that – speculation. Now... remember everything about that day that you've never known. As you counted down the last seconds of the millennium, "three, two, one," everything went black. Our systems shut down. Our worst fears were realized. And it was only due to actions of an ancient and mystical being known only as, The Steward, that our path was righted. Within 24 hours, this preternatural immortal helped humanity find its way but folded away that day and all evidence of his intervention, redacting it from human memory. In the annals of his great library, an edifice that stands outside space and time, lie the true stories of this and other "Days Missing" – an entire human history unbeknownst to all of us. About: Crossed is back with a giant-size new series! The world of Crossed +100 was created by Alan Moore and introduced us to an entire civilization and language set one hundred years after the Crossed outbreak devoured humanity. Now Christos Gage delves into that future with MIMIC, as one of Beau Salt's disciples invades a military base to pick apart the best and brightest. Each issue also has a second feature as writer Pat Shand teams up with artist Raulo Caceres to deliver a chapter of AMERICAN HISTORY X, based on the events Moore spotlighted as key points in the saga. Available with a sizzling array of covers: Regular by Gabriel Andrade, History X Wraparound and American History X by Raulo Caceres, Fatal Fantasy and Hellish Homage by Renato Camilo, and Ms Mayhem by Christian Zanier. Don't miss the three-cover Crossed Over set by Matt Martin, each limited to just 250 copies, nor the Gold Leather by Zanier that is limited to just 150! I LOVE THIS PART HC GN

(W/A/CA) Tillie Walden

Two girls in a small town in the USA kill time otgether as they try to get through their days at school. They watch videos, share earbuds as they play each other songs, and exchange their stories. In the process they form a deep connection and an unexpected relationship begins to develop. In her follow up to the critically acclaimed *The End of Summer,* Tillie Walden tells the story of a small love that can make you feel like the biggest thing around, and how it's possible to find another person who understands you when you thought no one could. TENEMENTS, TOWERS & TRASH:
AN UNCONVENTIONAL ILLUSTRATED HISTORY OF NEW YORK CITY HC

(W/A/CA) Julia Wertz

In *Tenements, Towers & Trash*, Julia Wertz takes us behind the New York that you think you know. Not the tourist's New York, but the guts, the underbelly, of this city that never sleeps. With drawings and comics in her signature style, Wertz regales us with streetscapes "Then and Now" and little-known tales, such as the lost history of Kim's Video, the complicated and unresolved business of Ray's Pizza, the vintage trash and horse bones that litter the shore of Brooklyn's Bottle Beach, the ludicrous pinball prohibition, Staten Island's secret abandoned boatyard, and the hair-raising legend of the infamous abortionist of Fifth Avenue, Madame Restell. From bars, bakeries, and bookstores to food carts, steel cleaners and apartments both cramped and grand, *Tenements, Towers & Trash* is a wild ride in a time machine taxi from the present day city to bygone days of yore. KUMA MIKO GIRL MEETS BEAR VOLUME 7 GN

Recommended by Sarah Martinez

Deep in the mountains of northern Japan, so remote that trains don't run and the roads aren't paved, a teeny-tiny village clings to its traditions. When you're old enough (8 or 9) they tell you the truth: the village lives in peace with the bears here because once upon a time the Bear God of the mountain took a human bride and their demi-god progeny still live in the village! The current god-in-residence is Natsu, a semi-divine talking bear. Natsu and the villagers have done their best to raise one of their village children as a proper shrine maiden for the whole mountain's spiritual well-being. Too bad that powerful little shrine maiden wants to go to high school in a big city.

Machi, our sheltered shrine maiden, swirls with conflicting forces. She's excited for the city, but terrified of people. She's a powerful shrine maiden, but afraid of performing before an audience. She's determined to learn new things, but refuses to ask questions. She wants to explore the world outside her tiny hick town, but faces hurdle after hurdle trying to leave it. A subtle current of divine will seems to hold Machi to her home with her bear friend. An obvious current of semi-divine bear displeasure would do anything to keep dear Machi near… or at least not send her into the outside world as such a naive young lady. Then there's Machi herself, who vacillates between determination and exhaustion, all the time trying to be true to her heart. What's a girl gotta do to get out of this town?!

Old Time Religion Vs. Modern Living: struggle for the soul of a Shrine Maiden.

BILLIONAIRE KILLERS #1

illustrated by **SOO LEE** | written by **MATTEO PIZZOLO**

covers: A- **SOO LEE** B- **ALEXIS ZIRITT** C- **AMANCAY NAHUELPAN**

$3.99 | 36 pages | full color | Mature

What if the children of the .0001% reject their family legacies of global brutality and tear down the billionaire patriarchy?

The new ongoing series BILLIONAIRE KILLERS returns to the provocative world of YOUNG TERRORISTS for a standalone story about corruption, conspiracy, and what happens when the next generation vows to burn it all down.

We live in an age where the CEO of ExxonMobil can be America's Secretary Of State. A hedge fund manager worth $300 million is the Secretary Of The Treasury. A lawyer who sued the EPA 14 times is head of the EPA.

In BILLIONAIRE KILLERS, the children of elites discover their fathers are not just titans of finance and politics, but grand masters of international crime empires spanning corrupt governments, arms manufacturers, international banks, and even terrorist groups.

From writer **Matteo Pizzolo** [CALEXIT, YOUNG TERRORISTS] and your new favorite artist **Soo Lee** [FANTOMAH] comes a family saga about an elder generation that went to extreme lengths for power, and the younger generation forced to look at the parents they love and reject the bloodied legacy handed down to them.

It's a world where the President stops even bothering to hide the fact that America is ruled by corporations; a world where the next generation declares: enough.

Something frightening is happening in the outside world - Abominations are acting strangely, dragging victims away instead of killing them, amassing into hordes and working together as if they have a purpose.

Inside The Compound, tensions rise as Runners lose freedoms in the wake of Teddy's disastrous return.

Amid the increased threat outside the walls and the unrest within, Daisy has to say goodbye to Heather, whose latest run will take her through the worst of the dangers that the wilds have to offer.

From writer Vita Ayala ***(Bitch Planet: Triple Feature, Wonder Woman Annual)*** and Emily Pearson ***(Cult Classic)*** with colors by Marissa Louise ***(Spell On Wheels)*** and covers by Phillip Sevy ***(Tomb Raider)*** and Natasha Alterici ***(Heathen)***, comes the second chapter in this bold tale of surviving in bleak times.

Eisner Award-nominated writer Cullen Bunn *(Harrow County, The Empty Man)*, is joined by brilliant newcomer artist Jack T. Cole to present a surreal psychological horror series that will have you questioning what it is to truly be crazy.

Ever since she was little, all Ashli wanted was to help people. It's why she went to nursing school, and it's why she signed up for the vacant position at Saint Cascia, despite the psychiatric hospital's less-than-sterling reputation.

But when strange occurrences begin in the midst of her very first day on the job, Ashli is forced to escape through the labyrinthine bowels of the asylum to not only help her fellow nurses, but to save herself!

Casey Ruggles by Warren Tufts appeared in American newspapers from May 2, 1959 to October 30, 1955. Classic Comics Press is very pleased to present *Casey Ruggles* Volume 1. This strip is unique in that it started as a Sunday only, then added a daily to the Sunday storyline on September 19, 1959, only to splint the Sunday and daily's storylines into their own continuities on January 9, 1951. For volume 1 we will be reprinting the first 34 Sundays in glorious color until the daily and Sunday continuities split, followed by dailies to October 30, 1955. (STL073643)

Do humans dream of owning electric sheep? Artificial intelligences, rather than becoming our overlords, have settled into an uneasy symbiosis with humanity – they work for us as our colleagues and servants, earning vacation-time they spend in a boundless digital universe running on human-maintained server farms.

But not all A.I.s are cool with the deal. Enter Magnus – a human psychologist tasked with navigating both worlds in order to bring recalcitrant A.I.s back into productive society...

For centuries, the Silent Seven has held Earth in its evil grip...but nothing lasts forever. The Shadow and Batman have infiltrated the Seven's personal stronghold, hidden off the map and away from history, at great personal cost. They didn't expect to find one of their own standing against them once they arrived. It's Robin versus Batman with society itself in the balance as the Shadow steps into the one place even he has feared to go: The Deadly Mind of Shiwan Khan. Can three generations of crimefighting overcome centuries of evil? It's a crucible they can only overcome through the one thing none of them have: trust.

"THE TWO TITULAR HEROES ARE A BROODING BUNCH, BUT THIS TEAM KNOWS JUST HOW TO DELIGHT. TOGETHER, ORLANDO AND TIMPANO MAKE A CAMPY CONCEPT INTO A CAPTIVATING READ."

Philosopher/teacher/real-life superhero Bruce Lee is back. And, let's be honest, the world needs him now more than ever. Taking a brief respite from battling an otherworldly evil, Bruce Lee attempts to navigate modern-day Southern California despite still suffering from amnesia and having been "out of the loop" for over 45 years. Unfortunately, what was supposed to be a simple "lunch run" soon turns into a comedy of errors involving mistaken identity, a Film Festival," and the pokey. And despite never being one to initiate fisticuffs, Bruce continues to find it difficult to both hide his martial arts skills — and keep his shirt on. (STL074710)

FROM LONE MOUNTAIN GN

John Porcellino makes his love of home and of nature the anchors in an increasingly turbulent world. He slows down and visits the forests, fields, streams, and overgrown abandoned lots that surround every city. He studies the flora and fauna around us. He looks at the overlooked. Porcellino also digs deep into a quintessential American endeavour, the road trip. Uprooting his comfortable life several times in From Lone Mountain, John drives through the country weaving from small town to small town, experiencing America in slow motion, avoiding the sameness of airports and overwhelming hustle of major cities. Grand themes of *King-Cat* are visited and stated more eloquently than ever before: serendipity, memory, and the quest for meaning in the everyday. (STL073986)

VON SPATZ GN

(W/A/CA) Anna Haifisch

Walt Disney is exhausted both physically and mentally. After a breakdown where he trashes his office, his wife Lilian brings him to a retreat to recover — the Von Spatz Rehabilitation Center. With a campus that includes studio buildings, a gallery, an art supply store, a hot dog booth, and a penguin pool, the clinic is a paradise for artists in crisis. There Disney meets Tomi Ungerer and Saul Steinberg, and together, they embark on a regimen of relaxation and art therapy. Haifisch looks at the fervent drive and crippling insecurities of the average artist and places those same issues on the shoulders of three celebrated 20th century artists. Part study of isolation, part tale of a begrudging camaraderie, daily life at the center mixes with reminiscences from the world outside. (STL073989) (C: 0-1-2)

BAKING WITH KAFKA HC

(W/A/CA) Tom Gauld

In his inimitable style, British cartoonist Tom Gauld has opened comics to a crossover audience and challenged perceptions of what the medium can be. Simultaneously silly and serious, Gauld adds an undeniable lightness to traditionally highbrow themes. From sarcastic panels about the health hazards of being a best-selling writer to a list of magical items for fantasy writers (such as the Amulet of Attraction, which summons mainstream acceptance, Hollywood money, and fresh coffee), Gauld's cartoons are timely and droll — his trademark British humor, impeccable timing, and distinctive visual style sets him apart from the rest. HARK! A VAGRANT HC

(W/A/CA) Kate Beaton

Hark! A Vagrant is an uproarious romp through history and literature seen through the sharp, contemporary lens of New Yorker cartoonist and comics-sensation Kate Beaton. No era nor tome is left unscathed as Beaton rightly skewers the Western World's revolutionaries, leaders, sycophants, and suffragists while equally honing her wit on the hapless heroes, heroines, and villains of the best-loved fiction. In just four years, Beaton has taken the comics world by storm with her non sequiturs, cheeky comebacks, and irreverent punch lines. (STK450234)

Kate Beaton's second D+Q book brings her hysterically funny gaze to bear on these and even more historical, literary, and contemporary figures. Irreverently funny and carefully researched, no target is safe from Beaton's incisive wit in these satirical strips. Beaton returns with a refined pen, ready to make jokes at the expense of hunks, army generals, scientists, and Canadians in equal measure. (STK681801)

THE HOSPITAL SUITE GN

(W/A/CA) John Porcellino

The Hospital Suite is a landmark work by celebrated cartoonist and small-press legend John Porcellino, an autobiographical collection detailing his struggles with illness in the 1990s and 2000s. In 1997, John needed emergency surgery to remove a benign tumor from his small intestine. In the wake of the surgery, John had numerous health complications that led to a flare-up of his preexisting tendencies toward anxiety and obsessive-compulsive disorder. *The Hospital Suite* is Porcellino's response to these experiences, simply told stories drawn in an honest, heart-wrenching style. PLEASE KEEP WARM COLLECTION: THIS MUST BE THE PLACE

Recommended by Luke Martin

MICHAEL SWEATER
THIS MUST BE THE PLACE.
A PLEASE KEEP WARM COLLECTION.

I'm inching dangerously close to being "that guy that only reviews Silver Sprocket titles," and it's for good reason. They've come out of the gate with a series of books and creators that have a unique style and voice that's hard to get anywhere other than the merch table at a church basement show or a beer soaked one you'd find on a city street.

Please Keep Warm is well within that style. I'm reaching that point in life where people around my age are actually becoming parents, and this collection of Michael Sweater's previously unpublished web comic is a nice summation of how I think that could shake out for some people. There's something very comforting about this comic, as a mildly pierced/tattooed mid-20-something with full adult responsibility and very few unpatched jackets. It's built upon the foundation of a number of loosely related people trying to support a precocious 7-year-old and her often bizarre antics. It's not often in comics that you see non-traditional family structure portrayed as mostly positive and improvised, and I think it's a sorely lacking subject. I wouldn't look to it for the most accurate realism of the struggles of child rearing and relationships; it's humor almost all the way through. But there are a lot of small moments that ring true and feel, sometimes embarrassingly, relatable.

The art is perfectly suited to the tone, as well. While it may not appeal to everyone, I think *Please Keep Warm*'s first collection is a funny read, packed with a lot of heart.

R. Sikoryak tackles the monstrously and infamously dense legal document, iTunes Terms and Conditions, the contract everyone agrees to but no one reads. In a word for word adaptation, Sikoryak hilariously turns the agreement on its head; each page features an avatar of Apple cofounder and legendary visionary Steve Jobs juxtaposed with a different classic strip such as Mort Walker's *Beetle Bailey*, or a contemporary graphic novel such as Craig Thompson's *Blankets* or Marjane Satrapi's *Persepolis*.

Cartoonist R. Sikoryak draws upon the power of comics and satire to frame President Trump and his controversial declarations as the words and actions of the most notable villains and antagonists in comic book history. Reimagining the most famous comic covers, Sikoryak transforms Wonder Woman into Nasty Woman; Tubby Tompkins into Trump; Black Panther into the Black Voter; the Fantastic Four into the Hombres Fantasticos and Trump into Magneto fighting the Ex-Men. In perfect Trumpian fashion, *The Unquotable Trump* will be a 48-page treasury annual needlessly oversized and garishly colored.

CANNON

by Wallace Wood

$35.00 / 296 pgs / BW / 11 x 7

Meet John Cannon, America's answer to James Bond. Under the employ of the CIA, Cannon endures nude torture by beautiful women, explosive gunplay, naked catfights, bone-crunching plastic surgery, Hitler, nihilistic lovemaking, Weasel the spy, naked women, death from above, and more naked women! Because *Cannon* first appeared in the US military newspaper *Overseas Weekly* in the 1960s, it was not subject to the usual editorial censorship and legendary artist Wallace Wood took full advantage, producing a Cold War spy serial rife with sex and violence in an effort to support our troops!

Certified Cool

Land of the Sons is Gipi's most artistically accomplished work to date, juxtaposing the stark savagery of the post-apocalyptic narrative with the Italian master's dense and expressive line work. While similar tonally, *Sons*, unlike *Lord of the Flies*, lays the groundwork for humanity overcoming sheer brutality and personal desires, while commenting on the fragile state of masculinity and human nature itself.

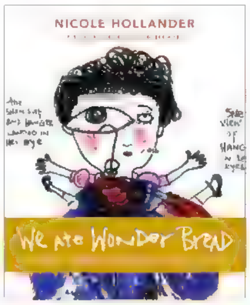
Find out why *Love and Rockets* is often referred to as the greatest comic book series of all time!



WE ATE WONDER BREAD

$22.99 / SC / 160 pgs / FC / 8 x 11

We Ate Wonder Bread is veteran cartoonist Nicole Hollander's (*Sylvia*) first graphic novel, a coming-of-age story set in Chicago starring the gangsters, the bed bugs, the Catholic girls, the police, the jukebox, the fortune teller, and the family's blue Hudson. (W) Yumemakura Baku (A/CA) Jiro Taniguchi

Why climb Mount Everest? Englishman George Herbert Leigh Mallory said in reply, "Because it is there" in a March 1923 interview with *The New York Times*. On his third expedition to the mountain in June 1924, Mallory disappeared on the North-East ridge during his ascent, having been sighted only a few hundred yards from the summit. In 1993, Makoto Fukumachi, photographer for a Japanese expedition, stumbles across an old Kodak camera. Could it be Mallory's camera? (STK393875)

VENICE GN

(W/A/CA) Jiro Taniguchi

After his mother's death, Jiro Taniguchi discovers a beautifully lacquered box which contains what appear to be old photos and hand-drawn postcards of Venice. One photo of Piazza San Marco catches his eye. It is of a Japanese couple feeding a multitude of pigeons in the square dressed in what looked like 1930's styled clothes. Who were they? What relevance did they have for his mother? Armed with the contents of the lacquered box he travels to Venice to track down the places and events displayed in the images and to discover the identity of the young couple in the old photograph. With very few but well chosen words and his artist's eye for detail, Taniguchi portrays the Venice of today in a most deserving light. (STL051751)

A TREASURY OF 20TH CENTURY MURDER: THE BLACK DAHLIA

Recommended by Leigh Tyberg

NBM and Rick Geary continue to provide their "Just the Facts, Ma'am" brand of storytelling with another *Treasury of 20th Century Murder*. This one's an account of the life, the brutal death, and the dizzying murder investigation of Elizabeth Short, or, as she was known in the press, the Black Dahlia.

In an age where podcasts like *You Must Remember This*, *Hollywood & Crime* and *Lore* are getting more and more attention, it's exciting to see similar stranger-than-fiction tales done sequentially. The book provides a complete picture of the victim's life, and even delves into the very real and very dangerous mafia activity of the time. *The Black Dahlia* offers a beautiful, if unsettling, account of a gruesome murder from decades past that transports readers to a time before twenty-four-hour news cycles and cell phones: a murder that haunts Hollywood to this day.

Informative and entertaining, The Black Dahlia sends a chill up the spine that's good for the blood!

From that moment on, spirits and men could no longer gaze upon each other and lived as if belonging to separate worlds. One day, the Noggo appeared suddenly. No one knows how they came into being, but their harmful darkness began to infect the world of the Kami. That is why the sacred tree called Munemori created the Izuna, the only ones capable of battling the terrible scourge of the Noggo. THE INITIATES
A Comic Artist and a Wine Artisan Exchange Jobs

THE INITIATES GN
(W/A/CA) Etienne Davodeau
Etienne Davodeau is a comic artist. He doesn't know much about the world of wine-making. Richard Leroy is a winemaker. He's rarely even read comics. But these two are full of good will and curiosity. Why do we choose to spend one's life writing and creating comics or producing wine? How and for whom do we do them? To answer these questions, for more than a year, Etienne went to work in Richard's vineyards and cellar. Richard, in return, leapt into the world of comics. They opened a lot of bottles and read many comics. They traveled around, meeting authors and wine-makers sharing their passion for their jobs. They get to realize they both have that precious and necessary power to bring people together. (STL074324) (C: 0-0-1)

THE TRUE DEATH OF BILLY THE KID HC
(W/A/CA) Rick Geary
One of the folk legends of the Wild West, William H. Bonney went from cowboy and gunslinger for a rancher to pure outlawry. On the one hand, he was charming, fun-loving (often at social events like dances), and quite appealing to the ladies. Also conversant in Spanish, "Billito" was popular with the Spanish speaking crowd. On the other hand, he had no compunction to coldly kill a man, a sheriff, a deputy — anyone who got in his way rustling cattle or horses for an illicit living. He also proved hard to keep in jail even when caught. It is probably his feats of derring-do escaping from jails that made him most famous and this is the main subject of this biography following him until he is shot in pitch darkness by lawmen obsessed with getting rid of him. THE LOUVRE COLLECTION: THE CROSS EYED MUTT HC

(W/A/CA) Etienne Davodeau

A raucous satirical comedy that asks: Who decides what makes a work of art worthy of being in a major museum? Fabian is supervisor at the Louvre. He loves his job. He also loves Mathilde. When it comes time, she presents him to her family in their vast country house and not without some apprehension, as the Benion clan is a bit special. The fact that Fabian works in the Louvre is a welcome coincidence, since they just found in the attic a painting by an ancestor in the nineteenth century. It's a sorry representation of a cross-eyed mutt. What is the value? ask the Benion. Is this an eyesore or a masterpiece? Fabian, pretty embarrassed, punts on the question. So for the Benion, case closed, if it's not an eyesore then no doubt it has its place on the walls of the Louvre! (STL045189) (C: 0-0-1)

(W/A/CA) Etienne Davodeau

At the end of yet another unproductive job interview, Lulu, on a whim, takes off for the shore just to get away from it all. She's got a husband and kids left bewildered but it's nothing against them. This is just her time, getting away from the grind and being taken for granted with no other plan than savoring it. Surprised at her own temerity, she meets other people on the edge of the world. It wasn't meant to be for long. It wasn't meant to be anything but in the end, thrilling, fun, and possibly dangerous, this improvised experience will make of Lulu a different woman. (STK665000) (C: 0-0-1)

A TREASURY 20TH CENTURY MURDER VOLUME 3: THE BLACK DAHLIA HC

(W/A/CA) Rick Geary

STAFF PICK
See page 368

On January 15, 1947, a woman was walking with her daughter in a Los Angeles neighborhood. She passed what looked to be a discarded manikin. It turned out to be the body of Elizabeth Short: posed, drained of blood, meticulously scrubbed, and cut in two. From this point, Geary reconstitutes and reveals for us the life of this 22 year old woman who had become known as "Black Dahlia" because of her striking appearance. How could her life have ended in such a ghastly fashion? Was it a jealous boyfriend, a rejected suitor, or one of LA's notorious mafia connections whom she had apparently been dabbling with? Eisner Award winner Geary takes us through all the twists and turns in one of the most captivating unsolved mysteries of the 20th century. (STL018947) (C: 0-0-1)

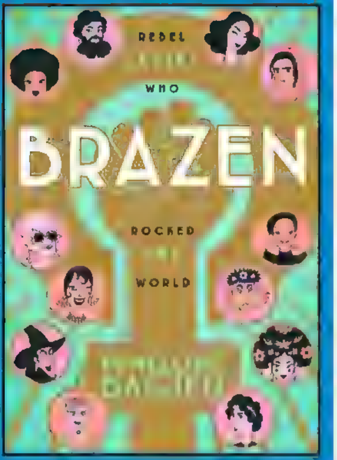
BRAZEN: REBEL LADIES WHO ROCKED THE WORLD

Recommended by
Megan Coleman



I've got a fun trivia fact for you that may blow your mind. Did you know that feminism is not a new idea developed by so-called millennial snowflakes? Did you know that women have been kicking butt, taking names, shaking things up, and not accepting "no" for an answer all over the world for thousands of years? Guess what? That is all true, and in *Brazen: Rebel Ladies Who Rocked the World*, you get the chance to meet a few of the fierce females who have left their mark on history. Crafted with a passion for her subjects that comes jumping off the page, Penelope Bagieu presents a collection of 30 short illustrated biographies of women who dared to distance themselves from the status quo.

With a list of subjects that range from Las Mariposas who dared to stand up against Dominican dictator Rafael Trujillo, to Lozen a 19th century Apache warrior and shaman, to fellow comic writer Tove Jasson, each brightly colored short reads like a historical love letter from Bagieu thanking these women for their contributions to the worlds of science, politics, athletics, activism, and so much more. Like a Hamilton: An American Musical for the eyes, the modern telling of the life stories of these ladies is simply delightful to take in, as it enchants and educates you, and most importantly leaves you wanting to know more.

If you want to know about more wonderfully brazen women who did not throw away their shots, pick up *Brazen: Rebel Ladies Who Rocked the World* in stores just in March 2018 just in time for Women's History Month.

Brazen turns history to HERstory for thirty influential women who your textbooks probably left out.

THE BALLAD OF SANG #1

ED BRISSON (W) **ALESSANDRO MICELLI** (A/CA)

SHARI CHANKHAMMA (C/CA)

32 Pages, $3.99 [illegible], MATURE

KIDNAPPED OFF THE STREETS OF THE PHILIPPINES AS AN INFANT AND TRAINED AS A CHILD ASSASSIN, Sang has never had a childhood. All he's ever known is killing and the kindness of his master, Chen, the closest thing Sang has to a father. When Sang's enthusiasm botches a job, it brings the wrath of Don Minchella down on the pair, resulting in Chen's murder. Barely escaping with his own life—and with Minchella's severed arm in tow—Sang swears revenge, while every gang in the city mobilizes to return him to Minchella, dead or alive.

"*Ballad of Sang* is a story I've been wanting to do for YEARS. Back as far as 2010, I'd be telling writer friends about it, while acting out scenes. It's a project I'm very excited about that touches on my love of cult cinema and the trashy VHS treasures of my youth. It's something that sat for years, percolating until I could find the PERFECT artist for it, which I eventually founding in Alessandro Micelli.

SO STRAP IN AND PREPARE FOR A HIGH-OCTANE, BALLS-TO-THE-WALL STORY OF REVENGE, LOVE, GANGSTERS, MISSING ARMS AND ALL-OUT VIOLENCE!"

MEGAN ROSE GEDRIS
BOOK ONE

Fan-favorite webcomic creator Megan Rose Gedris (*Yu+Me Dream*) crafts a compelling tale of magic, deception, and wonder in this stunningly illustrated graphic novel about the bond between sisters.

Pragmatic engineer Anna works as a psychic in the Samson Brothers Circus, but she doesn't believe in anything supernatural—until her twin sister Kat is murdered and comes back as a very demanding ghost. Sharing a room with her sister was hard, but now they're sharing a body while trying to identify the killer. With few leads, a troupe full of secretive folk, and strange paranormal occurrences popping up around the circus, solving the case seems near impossible. But the murderer in their midst may be the least of their problems...

"*Spectacle* stars an amazing cast of exciting characters alongside expressive panels and wonderful dialogue—oh, and it's also a freaking supernatural circus murder mystery! Which has just become my new favourite genre, thanks to Megan Rose Gedris."

The Man-Killer Virus: a lethal disease that has eradicated 99.9% of the world's male population. Mizuhara Reito has been in cryogenic sleep for the past five years, leaving behind Tachibana Erisa, the girl of his dreams. When Reito awakens from the deep freeze, he emerges into a sex-crazed new world where he himself is the planet's most precious resource. Reito and four other male studs are given lives of luxury and one simple mission: repopulate the world by impregnating as many women as possible! All Reito wants, however, is to find his beloved Erisa who went missing three years ago. Can Reito resist temptation and find his one true love? (STL071094) (C: 0-1-2)

THE PHANTOM: THE COMPLETE DON NEWTON HC

Recommended by Steven Leaf

The Phantom was probably the first costumed hero I read or was read to by my dad. The comic strips had a unique fascination for me, and the daily exploits made sure I learned to read for myself. Comic books gave me new stories and new artists to appreciate, and when Charlton's Action Line began their King Features lineup gave us *The Phantom.* To me the best of *The Phantom* books were those illustrated by Jim Aparo and Don Newton.

The Phantom is where most comic fans were introduced to the artwork of Don Newton.

Hermes Press' *The Phantom: The Complete Don Newton* shows us how Don Newton truly made The Phantom his own. If you are familiar with the printing "quality" of those old Charlton comics then you will want this digitally remastered edition that looks so much better than the original books. You get all of Don's *Phantom* interiors and covers as well as a biographical essay of his career including art from fanzines, other comic work, and illustrations, including over 50 examples of his original art.

Hermes Press has a history of doing *The Phantom* right and showing a creator's original art as it should be shown. This book limited to 1,000 copies is one that a true fan of *The Phantom* and Don Newton must have.

Story and Art by Shoko **HIDAKA**

Akihito reunites with Katsuragi, vowing to never let go of his hand. When Katsuragi uncharacteristically complains about their situation, albeit mildly, Akihito is more determined than ever to settle the wrongs of the past. Later, Katsuragi confronts Ishizaki. Enraged, Ishizaki chastises him for overstepping his bounds in the management of his plant, putting Katsuragi's position as his head clerk at risk!

Famed Love and Rockets creator Jaime Hernandez asks these questions and more as he transforms beloved myths into bold, stunning, and utterly contemporary comics. Guided by the classic works of F. Isabel Campoy and Alma Flor Ada, Hernandez's first book for young readers brings the sights and stories of Latin America to a new generation of graphic-novel fans around the world. NARWHAL AND JELLY VOLUME 3: PEANUT BUTTER AND JELLY GN

(W/A/CA) Ben Clanton
Narwhal's obsession with his new favorite food leads him into hijinks and hilarity in the third book of this all-star early graphic novel series! Narwhal and Jelly are back and Narwhal has a new obsession: peanut butter! He's so obsessed he even wants to change his name to — that's right! — Peanut Butter! Ever-sensible Jelly isn't so sure that's the best idea, but is all for Narwhal trying new things (instead of just eating waffles all the time, no matter how delicious waffles are). Narwhal and Jelly star in three new stories about trying new things, favorite foods and accepting who we are. Always funny and never didactic, this underwater duo charms again through their powerful combination of positive thinking, imagination, and joyfulness. FEATURED ITEM

DON'T FEAR YOUR DEMONS. FIGHT THEM.

Orphaned at birth and raised on the margins of society, Jack Boniface never knew his place in the world. Until he discovered it waiting for him... in a darkness far older than the reign of men...

Unbeknownst to him, Jack was fated to become the next in a long lineage of Shadowmen - mortals bound to violent voodoo spirits of immense power - that could safeguard our world against incursions from realms beyond.

For years, he struggled to control the loa's murderous urges - a battle he eventually lost.

But now, after years of self-imposed exile, the man once known as Shadowman is returning home to sharpen the weapon within...and unleash a reckoning on the evils of our world that will soon send shockwaves through heaven and hell alike...

In the epic tradition of X-O MANOWAR and BLOODSHOT REBORN, Shadowman storms to the forefront of the Valiant Universe- more powerful, more terrifying, and more relentless than ever before - in an adrenaline-fueled ongoing series from superstar writer Andy Diggle (*Green Arrow: Year One, The Losers*) and high-octane artist Stephen Segovia (*Action Comics*)!

BLACKOUT!

A SEMINAL COMICS MILESTONE TOLD ENTIRELY IN PITCH-BLACK DARKNESS!

A STUNNING EXPERIMENT IN STORYTELLING FROM THE MIND OF COMICS MASTER

JEFF LEMIRE

(*THE TERRIFICS, BLACK HAMMER*)

Master storyteller Jeff Lemire takes the helm for the year's most terrifying, most memorable special issue – told entirely in PITCH-BLACK DARKNESS!

Deployed into the demonic realm called Deadside in search of a cure for his ailing infant daughter, Bloodshot has lost the one sense he needs most to navigate the land of the dead: his sight. Blinded with only his four-legged ally, Bloodhound, to aid him, Ray Garrison must fight onward as one man against the darkness – even as he is beset from all sides by a horde of inhuman entities that crave only death, suffering, and slaughter…

Told in total darkness from Bloodshot's point of view, "THE BOOK OF THE DEAD" enters uncharted territory with a seminal experiment in storytelling written and staged by Eisner Award-winning visionary Jeff Lemire [*Black Hammer, Animal Man*]!

SPLASH
WATER. I-I'M SINKING DOWN. UNDERWATER.
AND THEN IT HAPPENS.
SHE SLIPS FROM MY ARMS.
I—I'VE LOST JESSIE.
DESPERATELY I DIVE DOWN, AND FLAIL MY ARMS, SEARCHING FRANTICALLY, TRYING TO FIND HER.
BUT IT'S USELESS, I CAN'T EVEN FIND THE BOTTOM.
I WANT TO SCREAM, BUT MY LUNGS ARE FULL.
THEN MY FINGERS GRAZE SOMETHING. SOMETHING SOFT.
JESSIE?!
JESSIE?!
I DID IT.
ARK!
I CAN HEAR HOUND BUT IT'S ECHOING ON THE SURFACE OF THE WATER (IS THIS WATER?!) AND HIS DIRECTION IS HARD TO NAIL DOWN.
I MAKE MY BEST GUESS AND START SWIMMING.
I FEEL THE WATER GET SHALLOW AND BEFORE I KNOW IT I'M ON THE SHORE. LYING IN THE SAND WITH HOUND LICKING MY FACE.
I FEEL JESSIE'S LITTLE BODY MOVING UP AND DOWN AS SHE BREATHES.
THANK YOU.
THANK YO
THEN THERE'S A NEW SOUND. LIKE A WHIP CRACKING.
NO... NOT A WHIP. LEATHER.

OWEN'S STORY

The complete SECRET WEAPONS creative team – Academy Award nominee Eric Heisserer (*Arrival*) and Harvey Award-nominated artists Raúl Allén and Patricia Martín (HARBINGER WARS 2) – reunites for an all-new, standalone tale spotlighting the Harbinger Foundation's most unique talent of all!

Owen Cho is a conjurer...which can be a great deal more frustrating than it sounds. You see, Owen's "psiot" ability – unlocked at great expense and even greater danger – allows him to materialize objects out of thin air...but he can't control what to summon or when it might arrive. But what do you do with a heap of undesirable object conjured from parts unknown, anyway? Have a garage sale, of course! Before the Secret Weapons take center stage in HARBINGER WARS 2 this summer, witness one of the year's most unlikely and unorthodox origin stories as Heisserer, Allén, and Martín come together once again to recount a life lived one item at a time in "Owen's Story"!

THE YOUNG MASTER'S REVENGE

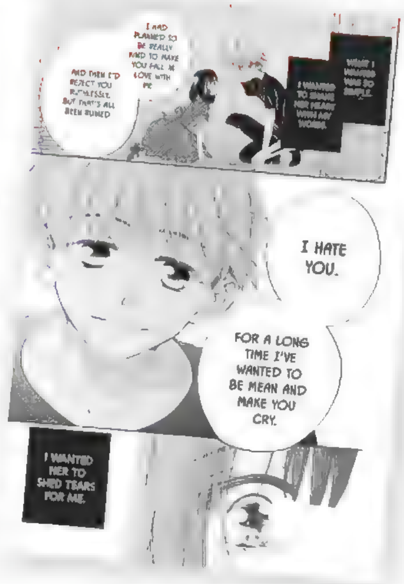
When Leo was a young boy, he had his pride torn to shreds by Tenma, a girl from a wealthy background who was always getting him into trouble. Now, years after his father's successful clothing business has made him the heir to a fortune, he searches out Tenma to enact a dastardly plan—he'll get his revenge by making her fall in love with him!



WHAT I WANTED WAS SO SIMPLE.
I WANTED TO SHAKE HER HEART WITH MY WORDS.
I HAD PLANNED TO BE REALLY KIND TO MAKE YOU FALL IN LOVE WITH ME.
AND THEN I'D REJECT YOU RUTHLESSLY. BUT THAT'S ALL BEEN RUINED.
I HATE YOU.
FOR A LONG TIME I'VE WANTED TO BE MEAN AND MAKE YOU CRY.
I WANTED HER TO SHED TEARS FOR ME.

WHAT IS THIS?

Like *Ouran High School Host Club*, this latest romantic comedy from Meca Tanaka, creator of *Meteor Prince*, stars a cast of rich and eccentric characters fumbling through a hilariously zany plot.

POSTERSPY: AN ALTERNATIVE MOVIE POSTER COLLECTION HC

Way before the advent of social networks, the first, and sometimes only, visual contact you may have had with a movie was its poster. This book pays tribute to the artists who celebrate the era when cinematographic posters made us dream. Presented by ARTtitude, this collaboration features the contemporary work of 58 different artists from the PosterSpy art community, one of the most influential groups devoted to alternative posters. The nearly 300 posters presented here cover a diverse range of genres and eras, from pop culture favorites like *Star Wars* and *Goonies* to the Wes Andersen filmography to horror and sci-fi classics. Each piece reveals intensely creative and detailed representations of films that ask the viewer to see the film in a new way. (STL074257) (C: 0-1-0)

An unparalleled gathering of research devoted to one of the world's most influential comic strips, *The Comics of Charles Schulz* collects new essays on the work of the creator of the immensely popular *Peanuts* comic strip. Despite Schulz's celebrity, few scholarly books on his work and career have been published. THE COMICS OF HERGÉ: WHEN THE LINES ARE NOT SO CLEAR SC

(A/CA) Herge

As the creator of *Tintin*, Hergé (1907-1983) remains one of the most important and influential figures in the history of comics. When Hergé, born Georges Prosper Remi in Belgium, emerged from the controversy surrounding his actions after World War II, his most famous work leapt to international fame and set the standard for European comics. While his style popularized what became known as the "clear line" in cartooning, this edited volume shows how his life and art turned out much more complicated than his method. The Refrigerator Monologues is a collection of linked stories from the points of view of the wives and girlfriends of superheroes, female heroes, and anyone who's ever been "refrigerated": comic book women who are killed, raped, brainwashed, driven mad, disabled, or had their powers taken so that a male superhero's storyline will progress. In an entirely new and original superhero universe, Valente subversively explores these ideas and themes in the superhero genre, treating them with the same love, gravity, and humor as her fairy tales. DOCTOR WHO AND THE KRIKKITMEN HC

(W) Douglas Adams, James Goss

Intergalactic war? That's just not cricket... or is it? The Doctor promised Romana the end of the universe, so she's less than impressed when what she gets is a cricket match. But then the award ceremony is interrupted by eleven figures in white uniforms and peaked skull helmets, wielding bat-shaped weapons that fire lethal bolts of light into the screaming crowd. The Krikkitmen are back. Millions of years ago, the people of Krikkit learned they were not alone in the universe, and promptly launched a xenophobic crusade to wipe out all other life-forms. After a long and bloody conflict, the Time Lords imprisoned Krikkit within an envelope of Slow Time, a prison that could only be opened with the Wicket Gate key, a device that resembles — to human eyes, at least — an oversized set of cricket stumps. From Earth to Gallifrey, from Bethselamin to Devalin, from Krikkit to Mareeve II to the far edge of infinity, the Doctor and Romana are tugged into a pan-galactic conga with fate as they rush to stop the Krikkitmen gaining all five pieces of the key. If they fail, the entire cosmos faces a fiery retribution that will leave nothing but ashes. (STL059628)

CHRONICLE: JURASSIC WORLD: INDOMINUS REX 1/24-SCALE STATUE

Ten successful years have passed since Jurassic World was renamed and reopened to the public. InGen's owner, Masrani Global Corporation, is overjoyed with the opulence of the park and continues to pressure the InGen scientists to push for bigger and better attractions. Simon Masrani pressures the park's chief scientist, Dr. Henry Wu, to craft a new dinosaur by splicing DNA from multiple dinosaurs and other animals. Some of the known species that were used by Dr. Wu in the creation of the hybrid dinosaur are Tyrannosaurus rex, Velociraptor, Carnotaurus, Giganotosaurus, Majungasaurus, Rugops, and Therizinosaurus as well as modern animals like cuttlefish, tree frogs, and a pit viper snake. The Indominus Rex is the first of two statues based on the final battle in Jurassic World. The bases will align to create the diorama of the battle scene, or the two products can be displayed separately in the dynamic poses designed by Glen McIntosh from Industrial Light and Magic. Now, as the Mortal Realms echo with the thunder of war, the great powers seek to acquire the eight wherever they might be found, no matter the cost. In a city of prophecy and secrets, Grungni, smith-god of the duardin, gathers together a group of mortal warriors from across the realms in order to locate the first of the eight weapons. As Abaddon's Thirteenth Black Crusade batters Cadia's defences and the armies of the Imperium flock to reinforce this crucial world, a terrible ritual long in the making comes to fruition, and the delicate balance of this brutal war shifts. From the darkness, a hero rises to lead the beleaguered defenders, Lord Castellan Ursarkar Creed, but even with the armoured might of the Astra Militarum and the strength of the Adeptus Astartes at his side, it may not be enough to avert disaster and prevent the fall of Cadia. Now you too can recreate these frantic races, pitting these crazy speed freaks against each other. Play your cards cunningly and try to manage your attacks and movements intelligently, before your rivals have a chance to get ahead. FLIPSIDE

THE FLIPSIDE INTERVIEW:

LION FORGE HELPS TO MAKE PUERTO RICO STRONG!

Lion Forge Publishing has created *Puerto Rico Strong*, an all-new comics anthology that explores what it means to be Puerto Rican, and the diversity that exists within that concept. Featuring art and stories from some of today's most exciting Puerto Rican comics creators, *Puerto Rico Strong* will also act as a benefit book for the island "state" (they're all Americans too, folks!) ravaged in 2017 by Hurricane María, and still struggling to return day-to-day life back to some semblance of normalcy. To that end, all profits from the project are earmarked to go toward disaster relief and recovery programs that support Puerto Rico. This past December, we spoke with Lion Forge's Freelance Editor Marco Lopez, Editorial Assistant Desiree Rodriguez, and contributors Fabian Nicieza, Vita Ayala and Jeff Gomez about the project, and how they hope it will positively effect Puerto Rico and the mainland U.S. as well.

PREVIEWS: As this book seeks to address diversity in Puerto Rican culture, what are some of the themes that appear throughout the book?

Desiree Rodriguez: The theme of education is a big one for this anthology. We want to educate readers on who the people of Puerto Rico are and all the diversity that comes with that. There's so much people don't know about the history of our community, and we wanted to create something that could be used as an educational source as well as a piece of artwork as well. So, history, culture, education, and the strength that comes from all three are tied together in this book.

Jeff Gomez: Well, our story is very short, but we were able to weave some of the issues that have always both bothered and inspired me about Puerto Rican culture and my personal heritage. The characters in the story are Afro-Latino, but we wanted to point out that many of us are more obviously "Moreno" (dark-skinned, a euphemism for black on the island) than others — even within the same family. We don't get into the politics of different skin color in the story, as it wasn't that big a deal for us at the time. But it's important in a subtler way, because it is one of the many ways the boy Julian is different from his father Miguel.

The biggest conundrum is the issue of machismo. The stereotype is that Puerto Rican men are super high masculine: womanizers, basketball and fast cars, egocentric and self-indulgent. Here's this boy who got left out of all that. It doesn't interest him. He's alienated from his own ethnicity and culture, and these stereotypes embodied in his father make him

think he's right to reject his Puerto Rican identity. But then the magic of Puerto Rico catches up with Julian and enchants him. He starts to fall in love with the island, and that starts to form a bridge of understanding between him and his dad.

Vita Ayala: My story is about resilience in the face of overwhelming odds, about resistance, and about refusing to be used and erased. This, I believe, is as much a part of the Puerto Rican people as the blood in our veins. You can't kill us, you can't ignore us, we will survive and we will rise.

P: Who were the principles in making this project come together?

Marco Lopez: I thought of it when the stark realization hit me that the island I was born on was going to be hit with another devastating hurricane, and one that was going to be worse than the previous storm that had just left. So, I reached out to Derek Ruiz and Desiree Rodriguez (fellow Latino's and comic industry associates) with this idea to use this business and art form that we love so much to try and help lift Puerto Rican citizens out of the disaster that was soon to come. Derek brought Neil on board. Another comic industry vet and then soon we were off to the races.

P: If you offered your own impression of this book, what would you say about it? What gives it a pulse?

Marco: *Puerto Rico Strong* is further proof that comics are a very powerful artform — one that can influence people, promote positivity, teach them, connect with the reader at their very core, and ultimately cause change.

Jeff: Lion Forge are going out of their way to reach out to Latinos to create the book, and I think that's truly honorable, because it takes a bit of searching to track down and book us! Based on the working relationship Fabian Nicieza and I had with the editors, we can tell that they didn't want just fluff. They were looking for authenticity, maybe a bit of an *edge* to the stories. They encouraged us to use photo reference and distinctly Puerto Rican turns of phrase without over-explaining all of it. So, the book is going to feel as diverse and alive as the island itself.

Vita: To me, the book seems to be about coming together to overcome devastating circumstances. It is about community and about helping each other persevere.

P: What made you want to be a part of this project? Why did you feel this was important to pursue?

Jeff: Fabian and I have always appreciated what Lion Forge has done. They've got this amazing range of titles for every conceivable audience. They deliver terrific art and story every time out. We see faces and hear voices in the books that don't normally get seen and heard. They're everything we could want an American comic book company to be. So, even though Puerto Rico needs many millions of times more money than this project can raise, we think it's important to do what we can to amplify its message. Puerto Ricans are us. They're beautiful, authentic, passionate people. They have fiery imaginations. Some of them have grown up to make a positive mark on the whole world. Others cherish their simple, spiritual, earthy lives, and like any people, can use a bit of help after a storm.

Vita: I was born and raised in New York City, but most of my family is on Puerto Rico. I gave money to charities that promised to help the island and its people, and my mother has been sending care packages, but I didn't feel like I was doing enough. I wanted to be a part of something that would not only help *mi gente*, but also show the rest of the country how amazing and strong and resilient we are as a people.

METRO COMICS AND THE PUERTO RICAN COMICS COMMUNITY, POST-MARÍA

Puerto Rico's *Metro Comics* is but one of many modern comic shops dotting the island of Puerto Rico. But unlike their counterparts, Metro survived the onslaught of Hurricane María virtually unscathed. In the aftermath of the devastating storm, Metro Comics has reached out to their local communities to try and lend their support where they can. As of December 2017, this is the situation according to Metro's Cristina Morán...

PREVIEWS: Can you tell us a little about the Puerto Rican Comic Community and what it was like before the Hurricane?

Cristina Morán: Local comic books in Puerto Rico have been in existence for a very long time, but the rise of a strong and growing Comic Community, in my opinion, belongs to the last three decades. It is during this period that the comic book specialty stores were largely established giving way to an identifiable Comic Community composed mainly of readers, collectors, artists, writers and cosplayers. U.S. comic producer companies through U.S. distribution companies have served our island for many years, together with our local market and Latin American and European imports. Since the vernacular language of most Puerto Ricans is Spanish, most of our locally produced books are written in said language. Comic conventions have also become an integral part of our Comic Community.

P: How did Hurricane María impact Metro Comics specifically, did you sustain damage?

Cristina: Metro Comics was very fortunate and did not suffer significant structural damage from Hurricane María. The most serious physical damage to hit us was the collapse of the entire Island's electric power system. Because we are located at a shopping mall that has endured many hurricanes — although none of María's severe magnitude — most of the stores at our mall, including Metro Comics, had their electric power restored about a month after the Hurricane, but the power grid is very unreliable and outages are frequent.

P: What has been the impact to the Comic Community overall? Were many stores damaged?

Cristina: All the comic book stores in Puerto Rico sustained damages on their premises due to Hurricane María, and several stores had to close down as a result. Also, the failure of Puerto Rico's electrical system leads to an inability to stabilize the Island's many operations. Another factor that effects us negatively is the exodus of people from the Island to the U.S. mainland and other countries, seeking employment and better living conditions. Hopefully, many of them will return once Puerto Rico is on a clear path to recovery.

METRO
COMICS

P: Are things returning to normal? Have retail sales and traffic begun to return?

Cristina: In Metro Comics' case, some progress can definitely be seen in retail sales and traffic. The lack of electric power in most residential areas and other structures has increased the traffic in the store from people who look for places to charge their cell phones, plug in their computers, come to eat at the mall's food court or to simply take their minds off their problems for a while, which is one of the great things that comics can help people do. But things will not return to normal until electric power is restored to at least a significant part of the Island.

P: What remains the biggest challenges that Metro Comics and the other Comic Retailers still face in the aftermath of the storm?

Cristina: After almost 27 years in operation, the biggest challenge that Metro Comics faces as a business is to hold on until the present situation of the Island stabilizes and as people, to offer a helping hand to our customers in need.

P: How has the Puerto Rican Comic Community reacted to the situation, and what can the Community on the mainland do to continue to help?

Cristina: The members of the Comic Community, as well as most Puerto Ricans, have participated in events organized to help the most needy victims of Hurricane María, in creating awareness of the Island's situation and by contributing with the collection of food, clothing and other articles of primary need for the people who lost all personal belongings. The Community on the mainland can continue to spread the message of the need for help and donations for the people of Puerto Rico.
